Aim of the Conference

The scope of the conference is intentionally broad. It is devoted to aspects of modeling, computational handling, and applications of the listed topics. Original contributions and interesting applications are welcome. In particular, we foster papers that provide cross-fertilization between these topics. We invite researchers to organize stream sessions not only dedicated to a certain topic but to different approaches to the same problem as well.
Submission of Abstracts and papers

Those researchers interested in presenting their results in the conference must submit an abstract in English of about 250 words (to appear in the Abstract Booklet) and an extended abstract (2-5 pages).

Abstracts shall have the following format

```
TITLE IN UPPERCASE AND CENTERED
Author 1* Author 2* Author 3**,
   * Institution 1, Country
   **Institution 2, Country.

Abstract
Keywords: Keyword 1; keyword 2;.....
```

The extended abstract will be a .pdf file with following style:

```
TITLE IN UPPERCASE AND CENTERED
Author 1* Author 2* Author 3**,
   * Institution 1, Country
   **Institution 2, Country.

Abstract
Keywords: Keyword 1; keyword 2;.....
Introduction
Section 1

Section2
.....
Conclusions
Bibliography
```

Authors of the papers presented at the conference will be invited to submit a reviewed version to the journal Investigación Operacional with no additional cost.

Deadlines for abstracts: **January 10, 2014**

**Information about acceptance of the papers:** February 10, 2014
